Jack Blades)  
Used to call me  
By my first name  
Now you never even call me at all  
Used to say  
I was your only flame  
It was so simple  
I believed it all  
Now I hear  
You got a new friend and lover  
Who keeps you warm  
On the cool, cool nights  
There's a rumor in the air  
Don't seem right

#### CHORUS

Rumors in the air  
Like a thief in the night  
Taking more than their share  
Taking more than their right  
Rumors in the air  
Like a thief in the night  
Used to call me  
When you felt the pain  
Now you never even feel it at all  
Used to swear  
That we would never change  
And like a fool  
I believed it all  
Now you say  
You had a weekend of trouble  
As you stare me down  
With those cool, cool eyes  
There's a rumor in the air  
Don't seem right

#### CHORUS

Used to call me  
By my first name  
Now you never even call me at all  
Now you say  
That I'm the one to blame  
Doesn't matter

How I feel at all  
Well, I hear  
You've got a new friend and lover  
You'll take him down  
It's so plain to see  
There's a rumor in the air  
Killing me  
CHORUS
