From the day we met I confessed not being true,  
I've fallen victim to another line abused  
Not Amused  
Then she whispers into my ear  
all those things that I beg her not to share  
so I don't notice that my heart is losing focus

I think I've said too much  
(I think I've said too much)  
and now we're losing touch  
(and now we're losing touch)

so sorry you caught me  
but she's lovely

This water runs  
thicker than your blood  
darkness leads the way  
as your trying to escape  
This water runs  
thicker than your blood  
darkness finds a way  
as it's overtaking, it's overtaking me.

On hands and knees begging not to leave her side  
she wonders why tomorrow won't bring happy endings  
she's pretending  
and can't understand I avoid these complex phrases  
she keeps mistaking  
as she hangs on every word I say

so sorry you caught me

you should have seen this coming by the way  
you love me  
but she's lonely  
you can't change the mind that I have made

This water runs  
thicker than your blood  
darkness leads the way  
as your trying to escape

This water runs  
thicker than your blood  
darkness finds a way  
as it's overtaking, it's overtaking me.

and four letters your mistaking  
can only go so deep  
It's better when your sleeping  
I'll suffocate your dreams.

This water runs  
thicker than your blood  
darkness leads the way  
as your trying to escape  
This water runs  
thicker than your blood  
darkness finds a way  
as it's overtaking, it's overtaking me.  
Taking me, taking me
