(Hook)

Spend all day, tryna stay humble
I could show it off if I really wanna
They be talkin all that but who really cares?
I ain't scared to let em know - I hold it in the air
Got that money in the room - hold it in the air
If that fire in the room - hold it in the room
Got some bottles in the room - hold it in the air
I hold it in the air, hold it in the air

(Verse)

Uh Up
High as it could be, You need a tele... scope
If you tryna see me I be hella... dope
Something like a picture
No I never need a cup cuz I be drinkin out the pitcher
Keep it cool,
I be tryna chill but these niggas act a fool
So I gotta show and tell
Like a nigga back at school
Sittin on the world
See me spinning round the room
Walking on the moon
Call me rocket... ship
Shorty if I dip
Her pill just kicked
Catch her bitin on her lip
She tell me that she want it, I ain't even gotta slip it
I might leave with yo chick and if I catch you niggas
slippin
Ain't no question here, leave this motherfucker by it
I can spend it all tonight no pills
Just run up in the bank like Clyde and my bitch Bonnie
No lie, baby I'm just being honest

They be talkin all that but who really cares?
I ain't scared to let em know - I hold it in the air

If that fire in the room Â– hold it in the room
Got some bottles in the room Â– hold it in the air
I hold it in the air, hold it in the air
