I see you, I I I see ya
Ugh
Yeah
I said you fucking with the man girl
What you saying girl

Chorus:
You lookin like the type
Know just how to move it
Don't be so uptight, aint no need for choosing
Go and take it down for a nigga like me
And I'mma turn you out baby girl before we leave here
Drop it to the flow, let me see you lose it
Gettin' to the music, why you sittin' clueless
Go and take it down for a nigga like me
And I'mma turn you out baby girl before we leave here

(Verse 1)
Look around, and I can spot you through the crowd
It's gotta be a catch the way you throw it out
And take it down like you copy written
Them other pussys copycat and ain't nobody kidding
With you babe, all the games you play
Stop that and come and give me sugar like kool aid
Up all night, it's never too late
Just wanna lock that pussy down like boozy
Uh, they say, who's he, young nigga with a money tray
Bouquet, tryin' to throw it all over your booty
That body on fire, souffle
And them lips is looking soup made

Chorus:
You lookin like the type
Know just how to move it
Don't be so uptight, aint no need for choosing
Go and take it down for a nigga like me
And I'mma turn you out baby girl before we leave here
Drop it to the flow, let me see you lose it
Gettin' to the music, why you sittin' clueless
Go and take it down for a nigga like me
And I'mma turn you out baby girl before we leave here

(Verse 2)
(Kirko bangz)

Uh, sipping on that pimp juice
Money in my pocket tell me what's new
Had dreams of that bentley coop
Till I copped it now my hood
Know I'm that nigga who
Got a lot of money, got a lot of fans
Grip a lot of grain I know!
They talking down, but I'm walking around
With a double cup and I'm cold!
Say why you so uptight
Girl you just my type
And I might be that nigga, but only for tonight
That shawty break it down for me
Shawty, take it down, lay it down for a g
And I might give her anything that she want from me
As long as she get down, take it real low for me!

Chorus:
You lookin like the type
Know just how to move it
Don't be so uptight, aint no need for choosing
Go and take it down for a nigga like me
And I'mma turn you out baby girl before we leave here
Drop it to the flow, let me see you lose it
Gettin' to the music, why you sittin' clueless
Go and take it down for a nigga like me
And I'mma turn you out baby girl before we leave here

(Down, down, down, take it down boy before you leave
her
Down, down, down, come right over, I got right before
you need, yeah!)
