If Im winning, the whole team winning, see?
If Im winning, the whole team winning
If Im hitting, the whole team hitting, see?
If Im hitting, the whole team hitting

Oh shit, my whole click victorious
Oh shit, my whole click victorious
Oh shit, my whole click victorious
Oh shit, my whole click victorious

Ok, no shit, whole click gone like a light switch
Off that loud, I know you can hear the mic clip
Up real late with your girl on the night shift
Show her how to ride that dick, no license
I dont know rules, bitch, youre fucking with an outlaw
Ten deep, look like I pulled up in a clown car
Ride for my dogs, couldnt do it without yall
High as a kite, people tell me its a downfall
If Im winning, the whole team winning, see?
If I hit em both, the whole team understands
Girl chocolate, her best friend lemon head
No interviews, Im talking in the bed
Finesse and Funkmaster Flex
In autumn see me taking shots like a western
Up in the penthouse, still in the best western

If Im winning, the whole team winning, see?
If Im winning, the whole team winning
If Im hitting, the whole team hitting, see?
If Im hitting, the whole team hitting

Oh shit, my whole click victorious
Oh shit, my whole click victorious
Oh shit, my whole click victorious
Oh shit, my whole click victorious

Ok, six feet deep, going down aint an option
Too fly, kicking down the door of your cockpit
Bottom of the map but money is the topic
Top of the world, you looking microscopic
Straight up, I dont need no juice

Little sticky in the swisher got em stuck like glue
No V-neck, nigga, just me and my crew
Drop a bomb on your head, got a pocket full of nukes
I lost my mind, shorty, let it all loose
Whole team getting in, she aint even gotta choose
Tryina hang over here? Better off with a noose
Ole hating ass nigga, hit his mouth with a deuce
For really, Im feeling like a milly
Alumni, Bat Gang, LA is the city
That Im repping the most, but on the East Coast
Sup? Im good

If Im winning, the whole team winning, see?
If Im winning, the whole team winning
If Im hitting, the whole team hitting, see?
If Im hitting, the whole team hitting

Oh shit, my whole click victorious
Oh shit, my whole click victorious
Oh shit, my whole click victorious
Oh shit, my whole click victorious
