Live the life of a sinful being  
Carrier of misfortune  
Spreading chaos throughout the land  
Misleading all wisdoms!

Die the death of an evil soul  
Bearer of calamity  
Creator of macabre nightmares  
Arch bishop of perversion and lies!

By our sins we are united  
Empowered and mystified

The fraternity of unholy call  
Exalted as minions of downfall!

For the ascension of downfall!

For the abhorrence of mortals  
Into decay I open the portal!  
For the extinction of mortals  
For the ascension of ultimate downfall!
