Sworn maiden, the crucifix-wearing whore of trinity!
Aphrodite in black and white, prisoner of hypocrisy!

Kneel down and pray!
Redeem her sins!
Worship her gods!
Deny her needs!
Boiling her lust!
Whipping her mind!
Dragging her down!
Tainting her soul!

Voluptuous rage of immoral fantasy
Leaves her arouse between guilt and lunacy!
Enlightens her dead heart
With joy of flesh pleasure!

A cross...

A wooden cross...
Soaked wet deep in her cunt
She moans in delight
As she pleases herself
Upon the altar of her gods

Whore of Astarte!
Fucked by the statuette of her god
Daughter of Lilith!
Seduce her sacred virgin mother
Please your blackest lust
Embrace the darkness
Let He blesses you
With your mortal sin!
