I found this dog on the street
with a little pup.
With those big eyes, wagging tail,
I need to speed up.
I don't have time, my stability is on the line.
So wag your tail to his brain,
instead of mine

Come on and leave it,
Leave it like you found it there
Come on and leave it,
Leave it like you found it there
Come on and leave it,
Leave it like you found it there
Come on and leave it,
Leave it like you found it there
