On runway number 5, way down in no man's land
The 747 has just arrived, way down in no man's land
Sittin' here in transit, transit, down in no man's land
Waitin' here in transit, transit, down in no man's land.

Get out, share the sights, way down in no man's land
You move up and join the line, way down in no man's
land
Sittin' here in transit, transit, down in no man's land
Waitin' here in transit, transit, down in no man's land.

The Immigration Man looks you in the eye, way down in
no man's land
Makes you feel guilty but you don't know why, way
down in no man's land
Sittin' here in transit, transit, down in no man's land
Waitin' here in transit, transit, down in no man's land.

Ain't no place to hide, way down in no man's land
I'm just lookin for a friendly guide,
Way down in no man's land
Sittin' here in transit, transit, down in no man's land
Waitin' here in transit, transit, down in no man's land.

Way down in no man's land
Way down in no man's land

I'm just lookin' for a friendly guide
