Here comes trouble, looks like we blew it again
Sister moonshine, And everybody's got a little trouble
with love.

Expectations, let's try changing the game
Nine days wonder, And everybody's got a little trouble
with love.
Everybody's got a little trouble with love.

Yeah hearts lay bleeding on the floor
And new dreams are waiting to be found
But don't turn away, 'Cause I can be there when you
call.

How about the fire that's burning in your eyes
It's a flame that cuts me down to size
But everyday, I love you in spite of it all.

Everybody's got a little trouble with love.
Everybody's got a little trouble (mmm-hmm)

Well I was driving through the pouring rain
And in the middle of a street with no name
Some kind of strange thing happened I recall

Is this the way that it's supposed to be
You had me begging on my bended knee
I tried to reach you but you said "That's all, that's all".
(that's all, that's all)

Everybody's got a little trouble with love.
Everybody's got a little trouble (sweet sweet love)

Yeah hearts lay bleeding on the floor
And new dreams are waiting to be found
But don't turn away, 'Cause I can be there when you
call.

How about the fire that's burning in your eyes
It's a flame that cuts me down to size
But everyday, I love you in spite of it all.

Rolling thunder, rain clouds blow me away
Going under, And everybody's got a little trouble with
love.
Everybody's got a little trouble with love.

In love's lesson, we get ten out of ten
In that classroom, And everybody's got a little trouble
with love.
Everybody's got a little trouble (sweet sweet love)
(Sweet sweet love)
(Love)
(Rolling thunder)
