We can make home when the dream comes true
There's nothing that we couldn't do for you
There's no use sitting on a fence
When you know it all makes sense.

There's enough room for you, there's enough room for
me
And that's the way it's gonna be
There's no use sitting on a fence
When you know it all makes sense.

Well we know just how to get things done
We'll make a better living for everyone
If you let it all slip away
You're gonna be sorry someday.

There's enough room for you, and there's enough
room for me
And that's the way it's gonna be
There's no use sitting on a fence
When you know it all makes sense.
