I'll grow when you grow
Let me loosen up the blindfold
I'll fly when you cry
Lift us out of this landslide.
Wherever you are
Whenever we part.
Chorus:
I'll keep on healing all the scars
That we've collected from the start
I'd rather this than live without you.
For every wish upon a star
That goes unanswered in the dark
There is a dream, I've dreamt about you.
And from afar, I lie awake
I close my eyes to find I'd never be the same.

Painted pictures on my mind
Sun sets on this ocean
Never once on my devotion.
However you are
Or far that you fall.
Chorus:
I'll keep on healing all the scars
That we've collected from the start
I'd rather this than live without you
For every wish upon a star
That goes unanswered in the dark
There is a dream, I've dreamt about you
And from afar, I lie awake
Close my eyes to find I'd never be the same
Without you.
Without you.
