Astronomers, constallation of the past  
Alien faces, explanation of the lines  
Spiders, carved on the ground  
Eagles, lying around

[Chorus]

Andes building a stellar nation  
Incas tracing the Cosmovision

Nazca's observers, calling the people of the space  
Andean explorers, builders of the human fate  
Spiders, carved on the ground  
Eagles, lying around

[Chorus]

Andes building a stellar nation  
Incas tracing the Cosmovision  
It's time to preach for the future of mankind  
Time will tell the meaning of these lines

Civilization, awaiting a sign on tablelands  
Solar religion, lost on the Nazca's plains  
Spiders, carved on the ground  
Eagles, lying around

[Chorus]

Andes building a stellar nation  
Incas tracing the Cosmovision
