A piece of my story in cell number 3  
From this jail, there's no return  
Freedom has a price, there's nothing I can do  
When will my dream come true?

I'll never see the sun  
I'm a victim on the run

I'm screaming out of pain  
Shout it loud to be free!  
I'm screaming out of pain  
Shout it loud! Freedom, life... I wanna prosper!

My place had no glory, my town had no hope  
I had to learn to be strong  
They wanted to command what I had to do  
And put me away for so long

I'll never see the sun  
I'm a victim on the run

I'm screaming out of pain  
Shout it loud to be free!  
I'm screaming out of pain  
Shout it loud! Freedom, life... I wanna prosper!
