Black is the season in the kingdom  
Time has come to slide the paradise  
Dark is the reason of wisdom  
Riding a nation where you can rise  
For centuries, you led your disciples  
For not sinking, into oblivion  
In blood, you're filling up your legions

[Pre-Chorus]

In the chaos braving the storm, gathering the chosen  
ones  
They are praying for salvation, there is no return  
Don't feed us with your promises, don't whisper no  
more lies

[Chorus]

Somewhere on a distant shore  
You fly... to Sirius  
Somewhere on a distant shore  
You die... in last flight...

You enter a void that never ends  
Hiding your crimes, you will dominate  
Calling the lord of a promised land  
The realm of lies, you will celebrate  
You say you take, the crusader's ride  
Crossing the gates of perversion  
You dream alone of domination

[Pre-Chorus]

In the chaos braving the storm, gathering the chosen  
ones  
They are praying for salvation, there is no return  
Don't feed us with your promises, don't whisper no  
more lies

[Chorus]

Somewhere on a distant shore  
You fly... to Sirius  
Somewhere on a distant shore  
You die... in last flight...
