I seal the night  
I enter in the twilight zone  
A scene of a crime  
Mother tell me what's going on!  
Is your life gone?  
Keep on searching for the truth

I feel a storm in my head  
Blowing my will  
I'm lost I'll leave my spirit soon  
I face a power insane  
Blending the real  
Alone in a bloody silent room

Endure the pain  
And see the blood running around  
I'm screaming again  
Mother tell me what I have done!  
Your life is gone  
Keep on searching for the truth

...Mummy!...

Why is the night so black?  
Is madness my reality?  
I've gone too far to turn back  
Is there a gate beyond my screen  
Or is it a dream?  
Maybe this game hides the truth
