Can you see regrets in my eyes
I'm sure I couldn't take that promise
Handing over all my friends
I pull them to the end
I vanish for so many years
And I try to disappear
I've been so long on the run
Ho, I feel like I'm done
Time is playing with my life
I feel I will never be free

My revelations
Turn my life upside down
My revelations
Now, I'm a target for revenge
My revelations
But there's no way to turn back
My revelations
What have I done?

You think it's a treason
I call it a deal
They're taking me out of prison
For my precious reveals
The ones I've killed before
Are now the ones who are protecting me
I was respected like a god of war
Now the children are degrading me
I'm waiting for my time with dignity
I have no fear of the judgment day
There are creeping shadows in the dark
I see a bull's eye on my heart

My revelations
Turn my life upside down
My revelations
Now, I'm a target for revenge
My revelations
But there's no way to turn back
My revelations
What have I done?... My revelations...

My revelations
Turn my life upside down
My revelations
I am a target for revenge
My revelations
But there's no way to turn back
My revelations
What have I done?
My revelations... you've saved my soul...
My revelations...
