Too many leaders no one to follow  
Too many clouds not enough rain  
Too many words and promises, too hard to swallow  
Too many innocents die in vain

I can tell you how it used to be  
Let me write another melody  
I can tell you how it used to feel  
When we stood up for what we believed

So, I will follow you. I will follow you.

Too many bankers not enough money  
If it wasn't serious, it would be funny  
Too many artists not enough art  
Too much marketing not enough heart.

I can tell you how it used to be  
Let me write another melody

I can tell you how it used to feel  
When artists stood up for what we believed

So, I will follow you. I will follow you.

Too many children not enough fathers  
Too many clowns not enough laughter  
Too many people, not enough souls  
Not enough windows too many walls.

I can tell you how it used to be  
Let me write another melody  
I can tell you how it used to feel  
When we stood up for what we believed

So, I will follow you. I will follow you.
