[Verse 1: Domo Genesis]

Many men has met his fate, murder I premeditate  
The world is low, the devil waits so I stay high as  
heaven gates  
See I'm on it everyday, minutes never go to waste  
If ain't no profit on the way then we cannot negotiate  
Scripture texts for holy sakes, who's tellin' what the  
Lord will say  
Until that day, I'll be tunnel vision on the paper chase  
Odd Future, f\*ck your feelings, check the score we  
f\*ckin' winnin'  
Check the list we in the building, stupid swag, Paris  
Hilton  
More potential, you's a liar, step up we will crucify ya  
Head first, yea it's going down like a scuba diver  
Need the fire, I'll supply ya, put the hire on the block  
Swag on deck, if you need it I be overstocked

[Verse 2: Hodgy Beats]

I'm a brother man with a swagger from the  
motherlands  
It tells my hands and rubs my glands, I'm ill as f\*ck,  
b\*tch f\*ck your mans  
Chingy Chong, I'm in Japan, Cheech and Chong  
wrapped in seran  
Keep the bong hash in my canister, I'm headed where  
it's handed first  
Domo rollin' up, Left Brain already smokin'  
You smell that loud ounce? Mary Jane has already  
spoken  
My shades on, b\*tch I'm lokin', no need for  
aggravations  
Cause a fake n\*gga in his death bed will be f\*ckin'  
collaboratin'  
Kush escaped without a roller, high roller, no time for  
strollers  
Made it stoned because I'm workin' over,  
too many posers tryin' to rob my bowl  
I'm pretty sure Tyler will represent it,  
I fell asleep before you b\*tch n\*ggas present it  
I'm f\*ckin' authentic, remember it, you motherf\*ckers

pretending

[Verse 3: Tyler the Creator]

Me and Leggo just skated the bowl  
Next thing you know wildin' out at Watch the Throne  
I had a dead phone so I gave that little n\*gga my cam  
He snapped that sh\*t, the motherf\*ckers went HAM  
Like Miss Piggy cunt around Kermit  
I'm like how many f\*cks can I get a day?  
F\*ck respect, I'd rather hang myself on the wall with a  
noose on neck  
Before I change to fit in your box,  
so I'll make sure I cannot fit in a house  
And I hate genres, f\*ck hip hop with their searching  
cop high top flip flops  
In the middle of the winter,  
y'all like f\*ck them kids, like a weird babysitter might  
say  
No diggity, I'm still tryin' to find it but I lost it  
somewhere in Austin  
In a creek with Dawson and this vegan b\*tch tryin' to  
eat my sausage  
That sounds awesome  
F\*ck these parties, I'm real awkward  
I stand there, I don't know what to do man  
I'd rather be at home with my crew and my new rooms,  
staring at my brand new MoonMan  
Listening to MF Doom and Wooh Da Kid and Bricksquad  
1017  
Shout out to Waka, rest in peace Slim  
Golf Wang motherf\*ckin' triple six we is 3 twins  
Free my little n\*gga sweatshirt  
Gay name stitched into my sweatshirt  
Bow down until your motherf\*ckin' neck hurt  
Respect me. Do we run sh\*t? N\*gga, yes indeed  
Cheech and Chong, I need a bong  
But I do have friends who got weed that's strong  
I need a tree house, and hockey, ping pong, a mini  
ramp  
Throwing that tramp on a trampoline  
(Have you heard the end of the Window?)  
N\*gga f\*ck the team  
Hey, I'm just playin', I love you n\*ggas  
I hate these n\*ggas, f\*ck these n\*ggas  
F\*ck everybody who doubted me  
The only ones I care about's the ones that surround me  
Odd Future!

[Outro: Tyler the Creator]

F\*ck all you industry n\*ggas man  
Y'all see me at parties, start comin' up sayin'

"We must collab" I don't f\*ck with none of you n\*ggas  
All y'all can suck my motherf\*ckin' dick  
F\*ck all you labels  
F\*ck every f\*ckin' DJ I hope y'all don't play none of my  
sh\*t  
Suck my motherf\*ckin' dick  
And don't come up to me at the next event  
I don't want your f\*ckin' number, your business card  
F\*ck your company, I'm not performin' at none of your  
sh\*t  
Don't ask for my f\*ckin' manager's email  
I don't f\*ck with none of you n\*ggas  
Golf Wang, Free Earl n\*ggas  
F\*ck Steve Harvey
