Instrumental Hook)

Brother, Brother Do, I got news for you
My spark is back and my love is here like new
Metaphors got lost in a shade of grey
Like a one trick pony gone astray
This time I'm goin to do it right
This time I'm goin to win.
Oh brother, oh brother
It's a wonderful world
Tell me where I've been

(Hook)

Oh mama, mama, lovely dress lovely smile
I can't believe you waited all this while
Another rainy day would have broke the levee
I understand your pain now please forgive me
Some times the mountains too high
Sometimes the valley's too low
Oh mama, oh mama our boat's now a ship

(Chorus)

Mama, mama, mama, I'm in love
yes mama, mama, mama, I'm in love
Brother, brother, brother, I'm back in

(bridge)

You think I act strange
Maybe just a little funny
Let tell you when it changed
Last night when it was sunny
In the middle of the night.

(Chorus)
