[Verse 1: Domo Genesis]

I don't think that I ever changed, ball hard or spark  
spliffs

And when I'm in the booth, it's super like Clark Kent  
Competition fails to ever place an event  
So when I step up to the track, you consider my shit a  
win

Never gonna stop, Genesis is the begin  
All about the money, I'm changin' my name to Yen  
Swagger so tall, check Yao up in the chin  
Stay reachin' for the sky like a n\*gga can't swim  
But I'm on my two and my pivot lookin great  
Tell Z to have 'em rolled when I touch down in the state  
Tell them we eatin' well and we never scrapin' plates  
Stealin' b\*tches from they n\*ggas just becuase I like  
the chase

Odd Future wolves, full moon, salivate  
Look I done made it, the same n\*gga that you hate  
Salutin' the game, pilots all up in the place  
Fly n\*ggas do it all, y'all grounded like bad grades  
Never said thug, but my n\*ggas will pop  
And if it's Louie V or Gucci then my n\*ggas will cop  
Wait for the summer, Rolling Papers will drop  
And hatin' and speculatin' is the shit that will stop  
I'mma go hard, or I'mma do nothin'  
Like a beeper in a toilet, bet my shit buzzin'  
Hell yeah I'm the shit, just take a whiff, cousin  
Now you all frowned up, thought I told you I been  
stuntin'

I get my highs and lows like NASDAQ  
Spit up addiction and bag that, pass crack  
Livin' the life, you lames remain wack  
If I ain't gettin' laid, I'm gettin' high and watchin'  
Flapjack and that's that
