All the spoons in my kitchen
(Bend, they bend, they bend, they bend, they bend)
Bend ya up, and bend ya back down
All the girls in my bedroom
(They bend, they bend, they bend, they bend, they
bend)
Bend ya in and bend ya in and bend ya back out
All the rules to this game, oh I
(Bend, I bend, I bend, I bend)
Beend it giirl, beend it giirl...

[Verse: Kendrick Lamar]
(UH) Soon as I enter
I put a hurting on it
If I don't kill it she injured
For a Long time
Summer, spring and winter
Fall for anything, you clumsy ass ni55a
Jumping off the boat in some 87' Locs
She's seen them hundred spokes
And then that woman spoke
But I don't talk back, I put my life on tracks
If that don't work put your wife on track
Show me where the candle wax
It must be you, cuz I burn right through everything ya'll
do
High octane when I bring on my last name
Mr. Lamar a.k.a "The Cash King"
Quicker than pre-cum won't you give her a reason;
To not meet up with me like a vegan
Psssst! God-Damn I'm the fuckin man
She said fuck her man
Now she fuck with MAN
