Oh, wait a minute baby girl can we just sit down  
There's a couple things we need to talk about  
Will you get mad at me? Do you really mean what you  
say  
Or is it just one of them days, when things ain't go your  
way  
Can we talk about it without the shouting

I know we got issues, don't wanna loose you  
Can't let this thing fall apart  
Know it damn well that I got your heart  
Think it's time to rewind and start all over again

Everybody has their arguments  
We all have issues that we need to deal with, can we  
talk about it?  
But that don't mean we can't get over it  
Cause it won't be the last time, can't be the last time  
With two hearts, one future girl I know it's hard  
But we can't let it go, cause they wanna see us apart  
What I'm saying is, there'll be ups and down  
But it won't be the last time, can't be the last time

Can't be the last time, that you get mad at me  
For forgetting every little anniversary  
Something silly like me leaving up the toilet seat  
And it can't be the last time, when you say I don't do  
this  
When you say I don't do that, but you know I ain't  
perfect  
Girl no way to explain it, but I know we can make it

I know we got issues, I don't wanna loose you  
Can't let this thing fall apart  
Know it damn well that I got your heart  
Think it's time to rewind and start all over again

Everybody has their arguments  
We all have issues that we need to deal with, can we  
talk about it?  
But that don't mean we can't get over it

Cause it won't be the last time, can't be the last time  
With two hearts, one future girl I know it's hard  
But we can't let it go, cause they wanna see us apart  
What I'm saying is, there'll be ups and down  
But it won't be the last time, can't be the last time

Girl, I love the things you do  
Reminds me of the reasons why I'm with you  
Like when you walk out the door, when your clothes hit  
the floor  
You were just about to break up, and now we 'bout to  
make up (yeah yeah)  
Uh oh oh, oh oh oh ooh whoa  
Girl just say yeah-ey-yeah  
Oh oh oh oh, let's make up yeah yeah ooh

Everybody has their arguments  
We all have issues that we need to deal with, can we  
talk about it?  
But that don't mean we can't get over it  
Cause it won't be the last time, can't be the last time  
With two hearts, one future girl I know it's hard  
But we can't let it go, cause they wanna see us apart  
What I'm saying is, they'll be ups and down  
But it won't be the last time, can't be the last time
