Yeah I know I'm probably wasting my time
But listen yeah I got some shit on my mind
I know its obvious that I'm the talk of the town
You seem to move fame or get the money bringing you
down
Everywhere I go its a media frenzy
All they seem to care about is me Kl'm or Lindsey
Is the story real? You don't even know
Do you even care? Yeah I thought so

Yeah yeah I know they wanna see me

Focus [x3] I gotta get back to the money
I'm losing focus [x3] I gotta get back to the money

Yeah I know I'm probably wasting my time
But listen yeah I got some shit on my mind
I know its obvious that I'm the talk of the town
You seem to move fame or get the money bringing you
down
Everywhere I go its a media frenzy
All they seem to care about is me Kl'm or Lindsey
Is the story real? You don't even know
Do you even care? Yeah I thought so

Yeah yeah I know they wanna see me

Focus [x3] I gotta get back to the money
I'm losing focus [x3] I gotta get back to the money

I'm back at it. automatic.

Focus [x3] I gotta get back to the money
I'm losing focus [x3] I gotta get back to the money
