Babe just say you miss me, is it that hard?  
Too long since I've heard about our love  
Am I in this by myself? (yeah, yeah)  
With rose colored lenses on my store bought frames  
To see something other than these blues and grays  
I need something different (yeah, yeah, yeah, yeah)  
'Cause you ain't feeling the same

Who knows? Maybe I'm crazy  
That's one big maybe  
But even a fool knows when it's gold, gold, gold  
I know pyrite from 24 karat  
Cubics from genuine diamond (yeah)  
A call from the woman who loves you  
A "hello" from a friend  
I know when it's real  
I know how to tell  
I know the difference between what you say and how  
you feel  
Oh, oh  
I know when it's real

Oh, I can tell the difference every time that you call  
But I don't need a drink, I need some time in my car  
Time to drive and think  
Time to park and cry  
You should've known you were beautiful  
You should've known what I saw in ya  
Please forgive me for feeling like it's all your fault  
A heavy heart can't carry blame for the loss

Who knows? Maybe I'm crazy  
That's one big maybe  
But even a fool knows when it's gold, gold, gold  
I know pyrite from 24 karat  
Cubics from genuine diamond, yeah  
A call from the woman who loves you  
A "hello" from a friend  
I know when it's real  
I know how to tell  
I know the difference between what you say and how  
you feel

Oh, oh  
I know when it's real

You might not notice, but I'm a man with pride  
And this hurts me baby  
Deep down, deep down  
And I can't let go of this  
Gotta know I tried  
It's pathetic, baby  
Don't lie, don't lie  
I'm a candle, you're the sun  
And you're burning baby, you're burning baby  
Burning up, burning up  
Burning up, burning up  
Burning up, yeah

Pyrite from 24 karat yeah  
Cubics from genuine diamond yeah  
A call from the woman who loves you  
A "hello" from a friend  
Never be more than friends  
We'll never be...
