Ohh  
Ohh  
Every girl that I met on tour  
I knew none of them would last  
Cause it wouldnt work, nah it wouldnt work  
A hundred chic Explaink contacts in my phone  
About half of them I smashed  
I put in work, oh I put in work  
But there's something missin' there though  
Feels like I've gotta lambo with no gas to go  
And I've got all the world, nothing to show  
That girl just let me know

[Hook:]  
I need love  
Yeah, I need you, yeah I need you  
I need love  
Yeah, I need you, oh I need  
I need love in the morning  
In the afternoon  
I need love all night, all night  
I need love, need love, need love, need love  
Need love

Two weeks ago  
I would've never admit I had it bad, oh  
I wouldn't do it, nah no  
Cause 15 days ago  
Never knew you, so never knew how this felt  
Had no clue, I was too cool  
But now I can't go a day without ya'  
I wake up eating breakfast thinking 'bout ya'  
We'll go around the world, don't ever go  
No, don't ever leave me 'lone

[Hook]  
I wanna wake up from this dream  
No sleep full of dreams, I'll stay  
And I know it'll work girl  
There's no where I'd rather be

Because I need

[Hook]

Baby in the night

Oh
