I got a question I wanna ask my momma
But shes been gone for some years now
I need the answers I want to ask my friends
But they're to cool to be honest
And she's gone take it the wrong way if I question her
It just might break her heart man
I can't ask my girl
[Hook]
So I'm gonna ask Lennon
And I'mma ask Donny
And I'mma ask Stevie
And I'mma ask Prince
If I'm in love
If I'm in love
My headphones won't lie if I'm in love
Tell me tell me
If I'm in love
My headphones won't lie if I'm in love
Tell me tell me
Am I in love?
[Verse 2:Frank Ocean]
Who the hell knows who Purple Rain is?
And am I standing in it?
I sing along to every single word though
And I feel like I need them
Cause for all I know
Rocket love flew past me yesterday
But I gotta know for sure
So I'm gonna ask Lennon
And I'mma ask Donny
And I'mma ask Stevie
And I'mma ask Prince
If I'm in love
If I'm in love
My headphones won't lie if I'm in love
Tell me tell me
If I'm in love
My headphones won't lie if I'm in love
Tell me tell me
Am I in love?
