I catch Zs at work now
So theyre gonna fire me soon
But Ive been dreamin of our love
I wish my new day job was you

[Chorus:]

But they say my checks come from the bank
And not your heart. (no not your heart)
They tell me think with my brain like Im sane
And not my heart. (not my heart)
But if my job was only to love you, yeahh
There wouldnt be no Recession
Be no recession, aint no depression, depression
If my job was only to love you, yeah
There wouldnt be no stressin
Be no stressin, Aint no pressure
Cause it pays way better baby
It pays way better baby, yeahh

My boss works my nerves girl
If you knew him youd wanna quit too
I just know hes jealous
Cause hes lonely and Ive got you
(But what Imma do)

[Repeat Chorus]

If I left this place today with the love that we made
Id be paid for the rest of my life, rest of my life
I love you the rest of my life, oh
Be paid for the rest of my life
Ohhh ohhh ohhhh ohhh ohhhh
