I thought a thing like this gets better with time.  
But I still need you.  
Why is that?  
You're the only image in my mind.  
So I still see it. Around.  
I miss you, like everyday.  
Wanna be with you, but you're away.  
I said I miss you, missing you insane.  
If I got with you, could it feel the same.  
Words don't ever seem to come up right.  
But I still mean them.  
Why is that?  
It hurts my pride to tell you how I feel.  
But I still need you.  
Why is that?  
It's cause I miss you, like everyday.  
Wanna be with you, but you're away.  
I said I miss you, missing you insane.  
But if I got with you, could it feel the same.  
It don't matter who you are, it is so simple.  
A feeling, but it's everything.  
No matter who you love, it is so simple  
A feeling, but it's everything.
