These hands that I pray with
For just one more chance
Also took off the dress of that woman
I'm a simple man, got some simple problems
Are simple, simple mistake
Simply made it so hard for you to love me

[Hook]

It's simply hard but I gotta get back to ur love
Im simply wrong, but I still wanna hold ya
Its simply hard, so hard
Simply hard but I gotta get back to ur love, ur love

My mother say son dont break her heart
And staying in love won't be so hard
Its simple

Say I love you I do, I do
And meant it, like its over over over and over
Simple man, couple simple problems
One simple, simple mistake
Simply made it so hard fo you to love me

[Hook]

Its simply hard but I gotta get back to ur love
Im simply wrong, but I still wanna hold ya
Its simply hard, so hard
Simply hard but I gotta get back to ur love, ur love

I wish I could simply say im sorry, baby ooooh
I wish you say you simply can't fall out of love love
with me
Then maybe we could move one (cause I really can't)
Move on (I gotta) get on with our hearts
With ours lifes cause its simply to short
Without love

[Hook]
