(Talks)

When I was younger
I used to wonder like...

(Sings)

If I was singing songs
Just to sing the songs
If was singing cause
That's what the bitches wanted
I couldn't play guitar like van halen
Had no secret chords like saint david

But you still came around
Ate your lunch wit me
Used to park your car
To try to bus with me
But i would say girl dont be dumb
I'm riding shotgun

We could go to my house after school
After school after school
Cause my dad don't clock off till late
Off till late off till late
We could kick it in the living room
Looking through my whole vinyl collection
And you could teach me how to slow dance or
something
And Ima give you chills harmonizing to
Otis, Isley, Marvin

And everytime somebody asked me
If I sing songs to get at women
I say yeah
They say
No fair, no fair that's cheating
I say shit oh well oh well
And everytime a nigga ask me
If I sing songs to get at women
I say yeah
They say
No fair no no fair that's cheating
Say boy don't judge cause hell

If you were me,

You'd be singing to her
like la da da da daa
la da da da daa
la da da da daaaaa

Now i'm in the lab
Always working late
Always sleeping past

The break-fast she makes
She used to stop by
Come and holla at me
Put her purse down
Try to battle rap me
She don't do that no more
No more no more
Don't even listen to the songs I record
But she be banging that Drake in my car
I'm so far gone
She stay blasting trey and his songs
All damn day long
It's like she never heard of me, heard of me

Now everytime somebody asks me
if i sing songs to get my women
say naw they say okay i don't believe it
I say no, I swear I never do it
and everytime a nigga asks me
if i sing songs to get at women
I say no they say
who do you think you're kidding
i know you, you stole my girlfriend

(Singing)

Fair Enough
You see i just don't play fair
But it's fair enough
Cause yo girl broke my heart
In half ooh oh
I'm singing la da da daaaaah
Bout heartbreak
And now I'm singing la da da daaaaahh
Bout love lost

Ooohhh (Singing)

(Talks)
Damn,

I'm sayin doe like, all i write is love songs
And i try
I come to studio i... you know what i do
What you think i do it for
Huh, yeah, uh huh
But u aint listening never
But if u were
Might bug wit it
Yeah, all these songs for women
Songs for women
Songs for you baby
For you.
