

## Frank Ocean "Sweet Life"

Visit "[Sweet Life](#)" on [MotoLyrics.com](http://MotoLyrics.com)

The best song wasn't the single  
But you weren't either  
Livin' in Ladera Heights  
The black Beverly Hills  
Domesticated paradise  
Palm trees and pools  
The water's blue swallow the pill  
Keepin' it surreal  
Whatever you like  
Whatever feels good  
Whatever takes you mountain high  
Keepin' it surreal  
Not sugar-free my TV ain't HD that's too real  
Grapevine, mango, peaches, and limes  
A sweet life a sweet life sweet life  
Sweet life sweet life  
A sweet, sweet, sweet, sweet life  
A sweet life a sweet life sweetie pie  
You've had a landscaper and a house keeper  
Since you were born  
The starshine always kept you warm  
So why see the world  
When you got the beach  
Don't know why see the world  
When you got the beach  
The sweet life  
The best song wasn't the single  
But you couldn't turn your radio down  
Satellite need a receiver  
Can't seem to turn the signal fully off  
Transmitting a wave  
You're catching that breeze  
'Til you're dead in the grave  
But you're keepin' it surreal  
Whatever you like  
Whatever feels good  
Whatever takes you mountain high  
Keepin' it surreal  
Not sugar-free my TV ain't HD that's too real  
Grapevines, mango, peaches, and lime  
A sweet life a sweet life a sweet life  
A sweet life a sweet life a sweet life

Live and die in the life  
You've had a landscaper and a house keeper  
Since you were born  
The starshine always kept you warm  
So why see the world  
When you got the beach  
Don't know why see the world  
When you got the beach  
And the water  
Is exactly what I wanted  
It's everything I thought it would be (Thought it would  
be)  
But this neighborhood  
Is getting trippier every day  
Neighborhood is going ape shit crazy  
You've had a landscaper and a house keeper  
Since you were born  
The starshine always kept you warm  
So why see the world  
When you got the beach  
Don't know why see the world  
When you got the beach  
The sweet life
