[Frank Ocean]

You didn't come out tonight so a man could talk to you  
Just wore that dress cause you knew that we'd all be  
watching you  
You got enough cash to buy your favorite drink too  
Out with the girls for the night and us guys, you give  
'em the blues

[Chorus]

She said ooh-woo-woo you can't do nuttin for me  
You can't do nuttin for me - that's kinda rude, but I  
like your attitude  
"It's nothing personal," girl I don't take it personal  
- no no  
Cause deep down inside those brown eyes, I'll see you  
Tonight night, at the end of the night night  
And all fuckin night night, it's gon' be tonight night,  
yeah  
And when the last song's played yo, they're gone  
Yeah, and you'll be down, you'll be down

[Frank Ocean]

You see if I was another type I'da ran away from you  
Off to the nearest one who woulda rolled because of  
who  
I am  
So tell me your name or som'n, she said "Is it game or  
som'n?"  
"You pullin the famous card, it's cute and all but not  
enough"

[Chorus]

[Frank Ocean]

And when the last song's played yo, they're gone  
Yeah, and you'll be down, you'll be down ohhhhhhhhh
