"Dark Shadows"

Visit "[Dark Shadows](#)" on MotoLyrics.com

Never will I leave you nor will I forsake you
This is what you promised
Even though I wander running all the time
You have always loved me

DARK SHADOWS

Never thought I'd see the day, these dark shadows
stripped away
Rising ever higher, from oppression, taken to another
place

CHORUS; DARK SHADOWS;

Forgiveness, and to fear, numbness taken from my
mind
Finding a new potential, inspiration, finding fullness
through Christ

CHORUS; DARK SHADOWS
