[Spoken] - Yo, this is my genisis,
And i'ma tell you what i'm about in one short 'n'
Simple way (1989).
Yher, 99 was the start of a new thing for me
Rap music had got me spitin' lyrics like never befor

[Verse] - From New Inspiration to rapin solo
I found me spitin dolo
But in church i spit with Biggi-D
D-I-B-B-I-E from N-I-C
But now it's all about that G-P-P (HolyHustla).
I, don't do chicano rap
It's just my kinda rap
The sort of rap i always spat.
This genisis is mine, baby mine.
From 1989 to 1999 i never knew what i'ma find in my
life now i'm rhymin
I wanna make it big like the nike swoosh
It's kinda hard so I gotta pus.
Born in Africa, raised in England
My colour was yellow but now it's chocolate.

[Spoken] - My genisis.
