### "Secure In Eternity"

Survey the past, gaze into time, recalling pain, once  
was mine  
Reheld the blade, symbol of my morbid desire, then  
to die

Screamed in agony,  
Life was Hell for me,  
I cry out to thee.

CHORUS: Secure in Eternity, of hopelessness devoid.  
Bestowed Immortality, fear of death destroyed,-

I lie alone, close to death, assured of Heaven, to my  
last breath,  
My peaceful soul, God is here, encircling peace,  
Paradise is near.

Miraculous entity,  
Only now I see,  
Escaped Mortality.

CHORUS;  
Forgiveness of sin, through God's own Son, by holy  
sacrifice,  
Eternity begun.  
The disintombed Christ, opens up Heaven, brings me  
life, by resurrection
