### Verse

My toes are frozen. My socks have chosen to give up.  
The sun is stranger, and we're in danger of  
the grey taking over.

### Chorus

Let's go, go, find a sunny place to land  
Let's go, go, and warm  
our frozen toes in the sand

### Verse

You say it's a dream that you can't leave  
Too much to do  
and the sunburn and palm trees won't do no good  
But I know if you let them in they would

### Chorus

Let's go, go find a sunny place to land  
Let's go, go and warm  
our frozen toes in the sand

### Bridge

Plan your escape before that frown on your face  
stay there forever, forever  
Concoct a plan with a sunny place to land  
until the summer, the summer

### Chorus

Let's go, go find a sunny place to land  
Let's go, go and warm  
our frozen toes in the sand
