This time, this time
Making Christmas
Making Christmas
Making Christmas, making Christmas is so fine

It's our this time and won't the children
Be surprised? It's ours this time
Making Christmas
Making Christmas

Time to give them something fun
They'll talk about fir yeas to come
Let's have a cheer from everyone
It's time to party

Making Christmas, making Christmas
Snakes and spiders get wrapped up
So nice with spider legs and pretty bows
It's ours this time

All together, that and this
With all our tricks we're
Making Christmas
Here comes Jack

I don't believe what's happening to me
My hopes, my dreams, my fantasies
Hee hee hee

Won't they be impressed? I am a genius
See how I transformed this old rat
Into a most delightful hat?

Hmm, my compliments from me to you
On your most intriguing hat
Consider though this substitute
A bat in the place of this old rat

Huh, no, no, no, now that's all wrong
This thing will never make a present
It's been dead now for much too long
Try something fresher, something pleasant

Try again, don't give up

All together, this and that
With all our tricks
We're making Christmastime

This time this time
Making Christmas, making Christmas
La la la
It's almost here

And we can't wait
'Cause when the full moon starts to climb
We'll all sing out, it's Christmas time
Hee hee hee
