You can take my stairs I left you to redemption
My sacred town is all burned out
They bought and sold it out and built a new one

My time here has been cut short
The time that I've wasted
I'll make sure to make my undying years last

Make it last, make it last from my funeral date
Make it last from my funeral date
From my funeral date...
From my funeral date...

Can the world wait another 7 years?
Can the world wait another 7 years?
Can the world wait another 7 years?
Can the world wait another

My love will be protecting you
like a shadow in the night
My love will be protecting you
like a ghost in the night

The 23rd revelation
Revelation, Revelation
Revelation from my funeral day

2020, 2021, 2022, 202x
The 23rd rev

Can the world wait another 7 years?
From my funeral day
From my funeral day
Can the world wait another 7 years?
From my funeral day
The new chapter has been set
