Cold morning air, fills my lungs  
Just a moment before this ends  
Final thoughts, remember back  
A better place awaits me now

Open arms, swallow me  
Safe inside, feels like home  
Forever falling, this void is all  
I'll ever know

Last breath, before I go  
There's an answer I need to know

You were the, Sunlight  
(You were the Sunlight)  
That took away the best nights  
You were the, Sunlight  
(You were the Sunlight)  
All we need is more time

Another lie, lead me here  
The sky is my home, the sky is my home

Don't you cry, it means nothing  
It's your fault, we ended up back here

You were the, Sunlight  
(You were the Sunlight)  
That took away the best nights  
You were the, Sunlight  
(You were the Sunlight)  
All we need is more time

The brightest sky, is my home  
(Last breath before I go, there's an answer I need to  
know)

You're my Sunlight, all we need it more time  
You were the, Sunlight  
(You were the Sunlight)  
That took away the best nights  
You were the, Sunlight

(You were the Sunlight)  
All we need is more time  
You were the, Sunlight  
(You were the Sunlight)
