(Whiskey and cigarettes)
Hey, hey

I'm not a bad girl
You're just a prude
You're a little bitch
And I'm straight up rude

I keep it blunt
While you beat around the bush
You like to hug
And baby boy I like to push

You don't have to like me
'Cause I don't like you
You're too beige and
I need black and blue
I want it black and blue

I wanna boy that tastes like whiskey and cigarettes
So who's it gonna be, who's gonna be next?
He strokes my kitty cat just like it's his pet
That's how I get the boys, I get 'em obsessed

So who's next?
Who's next?
Hey, hey
Who's next?
Hey, hey

On a whiskey diet
Only happy when I'm starving
Vicodins are my vitamins
Slutty when I'm lethargin'

Black rainbows are our halos
Bustin' faces with our elbows
Trainwrecks got you comin'
Kid I know I got you buggin'»¿

You don't have to like me

'Cause I don't like you
You're too beige and
I need black and blue
I want it black and blue

I wanna boy that tastes like whiskey and cigarettes
So who's it gonna be, who's gonna be next?
He strokes my kitty cat just like it's his pet
That's how I get the boys, I get 'em obsessed

So who's next?
Who's next?
Hey, hey
Who's next?
Hey, hey

Word on the street is
I'm out of control
But that's 'cause I am
'Cause I'm totally rock and roll
(Whiskey and cigarettes)
Totally rock and roll
(Whiskey and cigarettes)
Totally rock and roll

I wanna boy that tastes like whiskey and cigarettes
So who's it gonna be, who's gonna be next?
He strokes my kitty cat just like it's his pet
That's how I get the boys, I get 'em obsessed

I wanna boy that tastes like whiskey and cigarettes
So who's it gonna be, who's gonna be next?
He strokes my kitty cat just like it's his pet
That's how I get the boys, I get 'em obsessed

So who's next?
Who's next?
Hey, hey
Who's next?
Hey, hey
Who's next?
Hey, hey
Who's next?
Hey, hey
