It seems that we're drifting away
With every step we tread
And all that's left to hold on to
Is a spider web

I hope that it doesn't break
It's the only thing that's left
Connecting us to each other
Just a spider web

And now my eyes are red
Because tonight I've shed
Tears over you

'Cos we're holding on to thread
No stronger than a spider web
Boy please don't say we've come to the end
Just hang on to this spider web

Maybe I did something wrong
Maybe it was all my fault
Maybe I don't even know what
I am guilty of

I don't know how it was
That shared my bed last night
'Cos when we were making love
I was looking in a stranger's eyes

Eyes eyes I should say goodbye
Bye bye I wonder why
Why I even try

'Cos we're holding on to thread
No stronger than a spider web
Girl please don't say we've come to the end
Just hang on to this spider web

I'm not gonna let you say it's over
(Won't let you walk out of my life)
I'm not gonna let you close the door
(Though it's been said a thousand times)

It's coming from a man who really means it
(He means every word he says)
I'm not gonna watch you break away

Holding on to thread
No stronger than a spider web
Girl please don't say we've come to the end
Just hang on to this spider web

'Cos we're holding on to thread
No stronger than a spider web
Girl please don't say we've come to the end
Just hang on to this spider web

Just hang on to this spider web...
