(Verse)

I was 16 when we first laid eyes
Scrawny little fucker yeah I was that guy
And you was down for the weekend
I was down for the greating
And your eyes the same color shit that jasper be
chiefing
Couple freckles on ya noses
Roses made you blush
Gentleman I was like I wasn't tryna fuck
But it was my first official date so I was stuck like
It was past curfew
And we was at the grove
And it was raining
And I had to be home
And then you grabbed my hand, talking about trying to
get home safe
All I remember, was your motherfucking face, your
face
I play in your hair

(Hook)

As you rub on my ears
Then we awkwardly stare until our lips locked
Then we awkwardly stared because our lips locked
Now it's awkward in here because our lips locked
I feel like I'm floating in air,
Can't you believe that this dare
Turned into a reality when our lips locked
Man this feels like a dream
Because our lips locked,
You officially put my feelings inside a ziplock bag

(Verse)

You gotta a nigga sprung,
Whenever I'm holding your hand and
Making eye can-tact I feel like the damn man
Cause even though I am and get round of applauses,
I'm insecure then I start to think that I do not stand
chance
But, moments, wish that I could own em

Or at least clone em because holding your fingertips
is golden. I fucking love you.
I treat my problems like a bowling ball & I grip and keep
holding on
Girl?

(Hook)

As you rub on my ears
Then we awkwardly stare until our lips locked
Then we awkwardly stared because our lips locked
Now it's awkward in here because our lips locked
I feel like I'm floating in air,
Can't you believe that this dare
Turned into a reality when our lips locked
Man this feels like a dream
Because our lips locked,
You officially put my feelings inside a ziplock bag

(Verse)

Wait, don't think this is going to work
Things got complicated and a couple feelings got hurt
I haven't talked to you in a couple days,
I got too comfortable and started to think that we
was really a couple. But hey
Atleast it was time spent.
But by the time you will hear this you will know what
these rhymes meant
But when you realize it's awkward your names still
my password, so I'm always fuckin reminded
You got a nigga sprung
