[Verse 1: Tyler]

Drip drop, the angels made a pit stop  
Pissin' on the demons of Earth  
What's it really worth? Sh\*t, now it's f\*ckin' pourin'  
Wanted to go skate, can't, now my day is borin', damn  
Snorin' in the bed with blankets cause my head spin  
Probably cause I popped a couple purple Exedrins  
It's a rainy day, so I'll skip the Led Zeppelin  
And play some Sade "Love Deluxe" through my  
headset  
On my way home I punched a b\*tch for an umbrella  
Why? Cause I really didn't wanna get my sh\*t wet  
Run through puddles, playin' in the mud  
Fun, sucks that I'm too tall for the tub  
Or would get my toys and make a lotta noise  
While my mom is in the kitchen cookin' up a meal  
Fire place is startin' up, d\*ck is barely warmin' up  
Sippy cup full of whip creamed hot chocolate

[Hook: Pharrell]

I can smell it when I go outside  
Then it just pours  
It gives us peace then all in the town is quiet  
That's what rains for

[Bridge: Pharrell]

All the kids see rain and scream "No, no"  
Run off the bus and they will just stay in  
Me I love her rain fills the potholes  
Me and my cell but that's what we played in  
Ever wonder exactly where the sun goes  
Did it go or did somethin' shade it?  
The the sun gives light cause it is the window  
The rain gives life cause it is amazin'

[Verse 2: Tyler]

Lightnin' strikin', water hittin' on my window like Ike  
I'm not Tina, buddy, do not give my window pain  
Lights bulbs when wearin' that wig, flyin' kites  
Here's an idea, why won't I go hikin'  
On a f\*ckin' mountain where the water fountains icin'

Stand there in a tank top prop that's from Baywatch  
Eat about four bowls of some frozen ice cream  
Get sick and then I won't have to  
Go to school today, tomorrow, the day after  
Sit in bed, write a bunch of raps up, so  
I won't be lyin' when I say I'm a sick rapper  
Might fail so I won't bother  
The sun is playin' hide and seek like my f\*ckin' father  
The only difference is comes back, full effect  
In the summer heats up, the thermometers erect

[Outro: Pharrell]  
The inside of clouds  
That's the window into the sky  
Proves there's life
