You wouldn't do that Tyler, kill yourself or anyone
You don't even have the balls to begin with
What you need is me, someone to talk to
Uh, it's been a while since our last session
So, tell me what's been going on

I'm not a fucking role model (I know this)
I'm a 19 year old fucking emotional coaster with pipe
dreams
Since Kanye tweeted telling people he's bumping all of
my shit
These mothafuckas think I'm supposed to live up to
something? Shit
I'm still jacking off and proceeding my life careless
But getting more pussy cause I tell bitches I'm Wood
Harris (As you should)
From Philly to Paris, I'm getting these weird stares
At skateparks and airports all in the year, it's weird
Yonkers dropped and left them craniums mindfucked
Now competition missing like that nigga my mom
fucked
He still hasn't called me yet (That's not your fault)
But that's a whole fucking different argument, shit I got
over it
And the couple bucks in my pocket, so now I could go
buy
A couple hot pockets and grandmom could stop
cooking
Them nasty ass collard greens, pressures on me like
this top hat
Bastard intro, how the fuck I'm gonna top that?

Okay, you guys caught me
I'm not a fucking rapist or serial killer, I lied

We know. You just want attention. You'll be fine

I tried to hard, huh?
Made a couple thou' and I just don't know what to buy
yet
The 'Preme shit is free and I don't drink so fuck a wine

set

Nigga fuck a mindset, my brain is an obscenity
Fucked in the head, I lost my mind with my virginity
Oh that's a triple three six, isn't he a devil worshiper?
Cause I'm too fucking ignorant to do some research?
I'm the star of the group (Yeah)

So no one else gets the respect that they deserve
cause of you

(Bastard was good though) What you think I record it
for?

To have a bunch a critics to call my shit a bunch of
horrorcore?

Like I didn't make Parade or Inglorious

Cause I'm too scared to tell my friends the way I really
fucking feel

Of course they only listen to lyrics about me pissin' off
In the tombs of Lara Croft, I'm getting pissed off
Message boards are on my dick, I need a pissing
waiver

Let me bust one in they mouth, I know they feel the
flavor

Can't they just be happy for me

Like, a kid with nothing, living out his dreams?

Why they got to fucking hate?

I think everyone's happy, everyone's in a dream

I think you're _____ Tyler, you have to believe that

I ain't even skate anymore, I'm too fucking busy

I can barely kickflip anymore

Why? Why is that? Do you not have any free time at
your house?

What the fuck you mean "I'm not talented?"

You see the shit that I've been doing?

I have. I mean, you're a brave person

I'm not that great of a rapper but

As a whole, I'm pretty cool, right?

People excited thinking shit is so tight

Getting co-signs from rappers that I don't even like

What the fuck you want me to do? Start to gobble his
mic?

And start Jackson him off until his cock's blasting off?

Fuck that, these niggas ain't fucking with me

Cause I don't listen to the Immortal of Tech of the nique

And all this underground bullshit that's never gon' peak

On the Billboard Top 20 and Jam of the Week
I'd rather listen to Badu and Pusha the T
And some Waka Flocka Flame instead of that real hip
hop

That's bull of the sheet but they want to critique
Everything that we, Wolf Gang, has ever released
But they don't get it, cause it's not made for them
The nigga that's in the mirror rapping, it's made for
him
But they do not have the mindset, that same as him
I'm not weird, you're just a faggot, shame on him

It is, but Tyler, you're going to have to cut down on that
"faggot" word
That's very...that's a bad word

I'm not homophobic

I mean, I don't think you are

Faggot

Fine. Well, since the last time we...

The fuck is a good performance?
I get on stage and I have as much fun as I can

I mean, you, you, it seems like you have fun
But your Twitter posts, just...
I mean, they're really random
And it's ADD

Who doesn't have ADD?
Well, I don't

I mean, sometimes, you're just really out in the
distance
And we just want to know, what's the problem for this?

I wish Thebe was here
Therapy's been sinning and niggas getting offended
They don't want to fuck with me cause I do not fuck with
religion
You see that's my decision, you fuckers don't have to
listen
Here, put this middle finger in your ear (I'd rather not)
When someone gets blamed cause some white kid had
aimed his AK-47
At 47 kids, I don't wanna see my name mentioned

I don't think anyone's going to mention

I don't think anyone takes you serious enough to believe you

College wasn't working and I wasn't working
So I was at home jerking off until my dick was hurting
But I was determined to be great, so those classes can wait
Cause the four days that I went, I wasn't learning shit
Now I'm living dreams that I wanted since 8
I can afford to get my mother something on her birthday

Well, you explained to me that you were in school, but I...

They claim the shit I say is just wrong
Like nobody has those really dark thoughts when alone
I'm just a teenager, who admits he's suicide prone
My life is doing pretty good, so that date is postponed for now
Wow, life's a cute bitch full of estrogen
And when she gives you lemons nigga throw them at pedestrians

So...what are you saying, take advantage?
I mean, you've been doing pretty good
I've seen that...

I still live in my grandma's house
Sell out a fucking show in London just to end up on couches
I hate my fucking life, but when I make that announcement
My hero calls my phone, just to put that in doubt then
And then I am confused if I want in or just out
My friends really think I'm playing when I say I need counseling
I sit in grandmother's living room and just pout and shout loud
Inside, sometimes I just want to die

No you don't

Odd Future came from the bottom
And it's gonna take a couple armed armies tryna stop 'em
All you fucking lames don't have to like me
The devil doesn't wear Prada, I'm clearly in a fucking white tee

Whoa...uhm...alright

Uh, she was telling me you went to New York
