You know what its like
We're so different yet we're so alike
We're like apples and oranges

Ooooh! I'm not your leaf
You can't rake me up
I don't believe
I should live in the wilderness

And I miss you now
And I miss you now
We live in a rag bag world
And I miss you now
I'm not afraid any more

Blowing out of control
Seasons change you know
They come and go
Like apples and oranges

Oooh, talking to my demons
My angels and devils
Oooh! And I miss you now
And I miss you now
We live in a rag bag world
And I miss you now
I'm not afraid any more
I'm not afraid any more

Oooh! the morning light shows trouble like a rock in the
road
Oooh, this ride is taking its toll

Oooh! And I miss you now
And I miss you now
We live in a rag bag world
And I miss you now
I'm not afraid any more
I'm not afraid any more

Oooh! the morning light shows trouble like a rock in the

road

Oooh, this ride is taking its toll
