Somethin' in your eyes is tellin' me  
You're runnin' away  
And I know it's wearin' you down  
You're movin' slower each day

Why don't you tell me what it means  
It's tearin' you apart  
It's so hard to see you this way  
Like a child in the dark

Let's talk it over  
No need to hide away  
Let's talk it over  
And send the clouds away

You know I don't wanna criticize you  
Or tell you what to do,  
I just want to be your friend  
To see you all through

Let's talk it over  
No need to hide away  
Let's talk it over  
And send the clouds away

Let's talk it over  
It's time to turn the page  
Let's talk it over  
And start a brand new day

Let's talk it over  
No need to hide away  
Let's talk it over  
And start a brand new day

Let's talk it over  
It's time to turn the page  
Let's talk it over  
And send the clouds away
