This story of you
Every time I speak
This picture of you
Everything I see

And now it's time
Half my soul I must leave to you
And on one knee I say yeah
Will you take me home

(Chorus)
Take My Arms
You'll never be alone
Take my hands
You'll never let me go
If I be young forever would you
Would you love me still
Take me in every moment
Whoa I will
And I will

This dream of you
Every time I sleep

This song of you
In every thing I sing

Now your standing there
And nothing exists but you
You build our fantasy
With everything you do

(Chorus)
Take my arms
You'll never be alone
Take my hands
You'll never let me go
If I be young forever would you
Would you love me still
Take me in every moment
Whoa I will
And I will

Will you take my arms, Will you take my arms, Will you
take my arms
If I fly beyond forever would you love me still
Will you take my hand, Will you take my heart, Will you
take my love
If I fly beyond forever would you love me still
