Who do you take me for?  
You need to understand  
You can't control me  
And I don't have the strength  
To listen to you anymore  
I was down on my knees  
And you kept on  
And now I'm ready

All this time spent for nothing  
Wasting life  
I hate you for that

I can't believe you  
You're still not listening  
I'm done with being nice

It's over!  
You can stop pretending

All this time spent for nothing  
Wasting life  
And I hate you for that  
All this time spent for nothing  
Wasting life  
I hate you for that

And now I'm ready  
You can stop pretending

All this time spent for nothing  
Wasting life  
I hate you for that... [repeat]
