You know every world will have its end  
And I'm here to prove it all to you  
I am who you don't think I am  
All wrapped up in my evil plan

I can taste the day  
Savor night  
Spells beyond you as I watch you crawl  
Do you dare to fight evil's might?  
I'll be the last one standing in a flash of light

My eyes (my eyes) are filled with curiosity  
You think (you think) that you have power over me  
In this life (this life) there's no room for you and me  
So turn away or face this day with me  
(Face the day with me)  
With me  
(Face the day with me)

You know  
Every world will have it's test  
Don't blame for what I have become  
You know every world will come to end (come to end)  
And I'll create your final rest

I can taste the day  
Savor night  
Scream your dreams as you dare to fight  
Dare to fight

My eyes (my eyes) are filled with curiosity  
You think (you think) that you have power over me  
In this life (this life) there's no room for you and me  
So turn away or face this day with me  
(Face the day with me)  
With me  
(Face the day with me)  
With me  
(Face the day with me)  
With me

I can taste the day

Savor night  
Scream your dreams as you dare to fight  
Dare to fight

My eyes (my eyes) are filled with curiosity  
You think (you think) that you have power over me  
In this life (this life) there's no room for you and me  
So turn away or face this day with me  
(Face the day with me)
